Dear Harry,

I enclosed in
 the material I promised.
 The history office is
 going to prepare a letter
 (I have a copy of the rough
 draft) for the Pentagon
 that recommends that
 their information be
 official and credit
 given. After that
 there is nothing more
 we can do. I told
 Bill Elliott I hoped
 it wasn't just Morten
 and he said, "I do too".

With my
 warmest
 regards,
 CWR
